**EXAMINER'S COMMENT**

1. Regarding the Abstract, the abstract relied upon is the PCT version of the abstract included in the application file. This abstract is acceptable, because it is one paragraph in length. Applicant states in the applicant Remarks filed May 19, 2006 "A courtesy copy of the present specification is enclosed herewith. However, the World Intellectual Property Office (WIPO) copy should be relied upon if it is already in the U.S. Patent Office." Accordingly, the WIPO copy of the abstract is relied upon in this 371 application.
2. The amendment to the specification received July 28, 2009 is accepted. The change has been treated as a clear typographical error in listing the year portion of the reference number. The corrected reference number is in context with the application as the reference is in the electroluminescent art whereas the originally listed document is not in the electroluminescent art.
3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dawn Garrett whose telephone number is (571) 272-1523. The examiner can normally be reached Monday-Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, D. Lawrence Tarazano can be reached on (571) 272-1515. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
